

Overview

Improve your manufacturing facility's indoor air quality with the Eradicator Ambient Air Cleaner, a game-changer in air purification. Boasting a formidable 4500 CFM airflow capacity, this advanced system expertly removes ambient airborne pollutants, ensuring each breath your team takes is refreshingly clean.

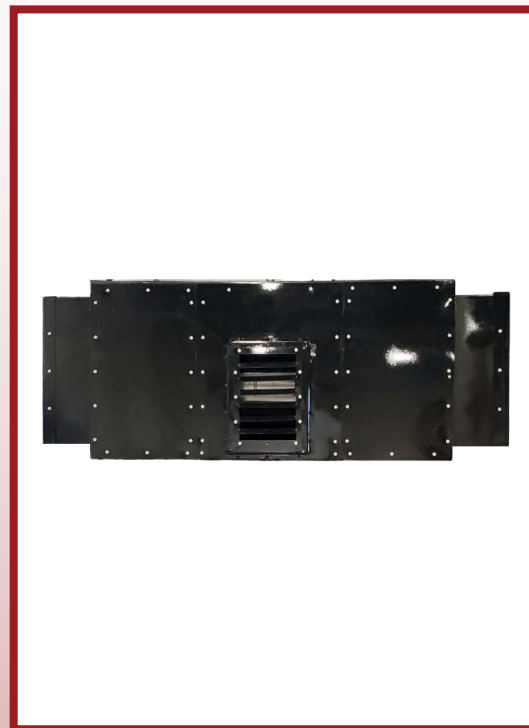

Its versatility shines with dual mounting options – choose between space-saving wall brackets or ceiling-suspended chains for truly effective ambient air cleaning. The Eradicator not only promises a healthier workspace but also champions energy efficiency and easy maintenance, making it a smart, cost-effective solution for any forward-thinking facility.

Product Features

Powerful Airflow Capacity: With a robust 4500 CFM (Cubic Feet per Minute) airflow, the Eradicator efficiently removes a wide range of ambient airborne pollutants.

Versatile Mounting Options: Whether you prefer a wall-mounted or ceiling-suspended configuration, the Eradicator offers the flexibility to fit seamlessly into your facility's unique layout.

Energy-Efficient Design: Engineered for maximum performance with minimal energy consumption, the Eradicator is environmentally friendly and cost-effective, reducing your facility's energy bills.

Technical Specifications

Model	Net Weight (lbs.)	Air Flow (CFM)	Product Dimensions			dBA @ 5'
			Width	Height	Depth	
AMB-4500	350	4500	72"	24"	24"	80

Model	Voltage/Phase/Hz	Motor
		Horsepower
AMB-4500	220V/1/60Hz 230, 460, 575V/3/60Hz	5 HP
